

Problem-Solution Fit Canvas

Date	31 January 2025
Team ID	SWUID2026198311
Project	AI-Powered Customer Support Ticketing System

Customer Segments: Customers, support agents, administrators

Jobs-to-be-done: Resolve issues quickly, track tickets

Triggers: System errors, login issues, payment failures

Emotions: Before: frustrated; After: satisfied

Available Solutions: Email, phone support, live chat

Customer Constraints: Limited time, internet access

Behaviour: Submit tickets, use chatbot

Channels: Website, mobile app, email, phone

Problem Root Cause: Slow manual support and poor tracking

Your Solution: AI chatbot, automated ticket routing, real-time tracking
